

# MRI PRO

## The World's Leading Online Prostate MRI Training Tool

### For Health Care Professionals Worldwide

- Want to improve your MRI skills?
- Want to study in your own time around your own schedule?
- Want to test your MRI knowledge with immediate confidential feedback?
- Want to earn CME credits?

**MRI PRO** is an easy to access subscription based online learning platform that allows healthcare professionals to test themselves on 300 of the highest quality histology-verified prostate MRI cases.

Designed and developed by a team of specialist radiologists and urologists, the platform allows healthcare professionals to gain the experience that is required for accurate interpretation of prostate MRI and receive instant feedback on how they did, including access to the actual biopsy report.

**BXTA**® Committed to beating cancer

[www.bxta.com](http://www.bxta.com)

# Why MRI PRO?

- Test your diagnostic skills on 300 cases
- Track your progress
- Receive feedback from a team of world expert Clinical Advisors
- Earn CME/CPD points
- Get **MRI PRO** Accredited

All cases are acquired and reported to PIRADS v.2 specifications, using 3T magnets and expert prostate MRI radiologists and experts. Users submit their answers on PIRADS score, location of index lesions and staging information for each case, and receive a percentage score of correct answers for the last 20 and 50 cases reviewed.

With high-level evidence<sup>1</sup> now confirming prostate MRI's place in the diagnostic process of prostate cancer detection, as well as adoption of the methodology in NICE<sup>2</sup>, EAU<sup>3</sup>, AUA<sup>4</sup> and national and international urology and radiology guidelines, demand for healthcare professionals experienced in interpreting and accurate reporting of MRI scans is skyrocketing. **MRI PRO** addresses this global, unmet need.

BXTA, the leading low dose rate (LDR) brachytherapy partner to hospitals and clinics worldwide, and distribution partner for PrecisionPoint™, the revolutionary freehand transperineal prostate biopsy access system, have now become distribution partner for **MRI PRO**.

Annual Subscriptions can be obtained directly from BXTA. Please ask for details from your local representative, contact [customer@bxta.com](mailto:customer@bxta.com) or visit [www.mripro.io](http://www.mripro.io)
